

Comparing "4" mounting option to "B" mounting option

In example: ANAQK-~~ABBAX~~-030

ABBA4 – This would be side tapped with female retaining bolts (FMB/MS4 mount) on both ends. Available in 1-1/2" to 4" bore only.

ABBAB – This would be side tapped (MS4 mount) with standard retaining bolts on both ends. Available in 1-1/2" to 10" bore.
